LUTTKAU COMPANY ENGINEERING SERVICE AND SPARE PARTS

We move things

The Erhard Luttkau GmbH is a specialised trading company for ship and industrial machinery parts located just outside Hamburg. The company has been founded in 1983 by the Engineer Erhard Luttkau. Today the company employs over 40 motivated and well-qualified professionals. We serve customers all over the world. In close cooperation with manufacturers, suppliers and other cooperation partners we can offer you a tailor-made, reliable

and fast service around the production and delivery of ship spare parts.

Our stock programme includes main and auxiliary engine spare parts as well as injection equipment and other machinery parts. In addition, we handle all import, export and customs formalities independently.

You can count on us 24 hours a day, 7 days a week. Only satisfied customers are loyal customers.

EXCELLENT SERVICE ROUND THE CLOCK, QUICKLY AND RELIABLY

Services around the production and delivery of ship spare parts

We are available 24 hours a day and 7 days a week. We have a strong relationship to our worldwide suppliers and manufacturers. You can expect reliable and on-time deliveries.

Spare parts can be produced from a sample or drawing with a short turnaround time. We perform deliveries either directly by us or by a carefully selected forwarder. Our customs department and a bonded warehouse allow us to perform all customs formalities, either import or export.

Therefore, we can operate independent of the restricted operating hours of customs bureaus and guarantee a quick delivery. If your schedule requires it, we can also provide an interim storage, due to our existing warehousing capacity.

Since 1996, our company gained a certificate in accordance with DIN EN ISO 9001. And in 2008 additional in environmental issues according to DIN EN ISO 14001 as an integrated management system together with DIN EN ISO 9001.

Since 2011, we work together with DNV-GL as partner for certification process. 2012 we got a status as an "Authorised Economic Operator".

STORAGE

We offer a wide range for main and auxiliary engines of SULZER, MAN/B&W and Hyundai Himsen and also injection equipment. Products are delivered from inventory or can be manufactured. More types of engines available on request.

As a logistics partner and supplier of ship spare parts you can count on us. We advise you extensively in all areas - around the clock - because we have the necessary know-how to face your task successfully.

Since over 30 years we have an own, well-trained import department. The certification as an AEO (Authorised Economic Operator) and further admissions enable us to handle a smoothly and fast import service.

Thanks to our certification as an AEO and other customs permissions we can issue export formalities on our own and are able to dispatch your spare parts within a short time to any place in the world.

Together with well-experienced partners, we offer you a fast and reliable repair and maintenance service around the clock. We take care of collection, repair, needed service and maintenance supervising if necessary and of course return of parts.

Our company has an own warehouse with a capacity of min. 2500 m² for all kind of ship's spare parts and additional 42 m² bonded warehouse. Our customs department and a bonded warehouse allow us to perform all customs formalities.
